

## MAGNETICS

### POWER TRANSFORMERS

- *Dry-type Distribution Class*  
- *1-2500kVA*

#### Features:(unit in photo)

- Single (1) Phase AND Three (3) Phase Available
- 1 thru 2500kVA Rating
- Medium Voltage up to 15kV class
- NEMA 3, 3R, 4, 4X, and 9 enclosures

Espey Mfg. designs and manufactures medium voltage dry-type power transformers up to 2.5MVA air-cooled. Espey transformers are used in military, heavy industrial and high reliability applications.

#### Specifications:

##### *Electrical Specifications (Unit Shown)*

- **INPUT VOLTAGE:**  
380V, Delta, 50/60Hz, 3 phase
- **OUTPUT VOLTAGE:**  
208/120V, Wye
- **RATING:**  
18kVA

##### *Mechanical Specifications (Unit Shown)*

- **Enclosure:** NEMA 3
- **Mounting:** Deck or Ground Based
- **Insulation Class:** 220°C
- **Temperature Rise:** WINDING 130°C  
SURFACE 25°C
